SALENTINA
THE COLLECTION

Thanks to a profound and genuine inspiration drawn from the beauty of the stones in the Italian Mediterranean tradition, we have adeptly reimagined their unique elements with meticulous attention to detail. The subtle tones and natural fossil inclusions infuse your spaces with authenticity, crafting an ambiance of warmth and refinement.

The calm and well-balanced shades, combined with modular sizes, guarantee the realization of bespoke projects. This is also made possible by Cross, surface suitable for both indoor and outdoor applications.

The edges of Salentina tiles are precisely rectified, yet they are enhanced with chiseling and indentations that reflect the natural irregularities of the original stone material.

We offer two mosaic options: an exclusive T12 with tesserae brick-shaped and textured edges, and a versatile alternative featuring 5x5 tesserae.

Attraverso un'ispirazione profonda e autentica derivata dalla bellezza delle pietre della tradizione mediterranea italiana, ne abbiamo sapientemente reinterpretato gli elementi distintivi con attenzione ai dettagli. Le delicate sfumature e le incisioni fossili naturali portano un senso di autenticità nei vostri ambienti creando un'atmosfera di calore e raffinatezza.

Le tonalità neutre abbinate ai formati modulari garantiscono la realizzazione di progetti unici e personalizzati. Questo anche grazie a Cross, superficie adatta all'indoor come all'outdoor.

I bordi di Salentina sono rettificati ma arricchiti da scappellature e ammanchi propri delle irregolarità del materiale lapideo originale. Due le proposte di mosaico: un esclusivo mattoncino T12 dai bordi burattati, una seconda versatile che prevede tessere 5x5.
