

# SIZES AND TECHNICAL DETAILS

Our standard **1.250 x 2.450 mm** sheets are packed using wooden crates and pallets of a fixed size. The minimum order quantity is 8 slabs, even in mixed colors. The composition of the complete cases varies according to the thickness, as shown in the chart below. Our packaging is suitable for both sea and air transport, in Europe and abroad thanks to the FAO treatment.

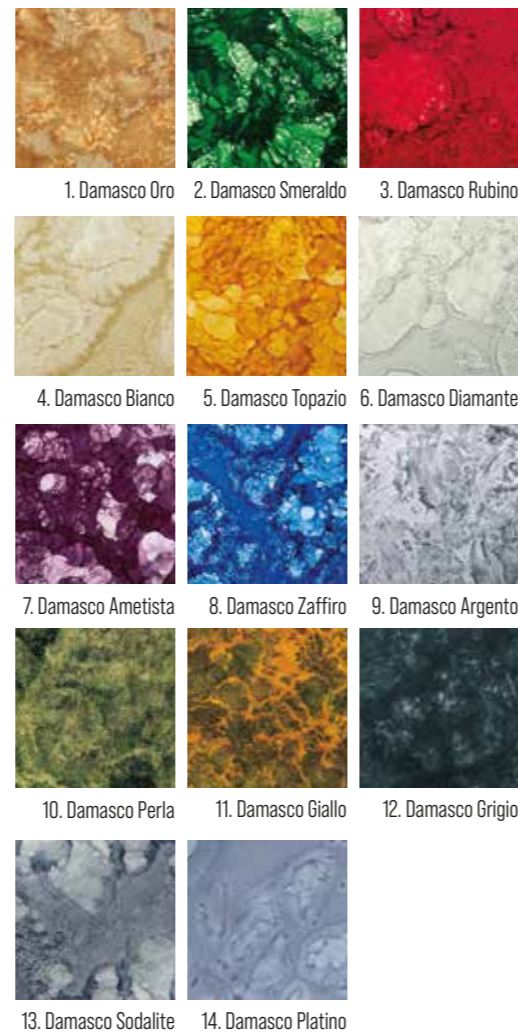

SIZE	THICKNESS	PACKAGING	GROSS WEIGHT
1.250x2.450mm	3 mm	30/case	761 kg/case
1.250x2.450mm	4 mm	22/case	746 kg/case
1.250x2.450mm	5 mm	18/case	761 kg/case
1.250x2.450mm	6 mm	15/case	761 kg/case

We can supply standard size samples measuring 15x9,5 cm. We offer boxes divided according to our collections (Specchi nel Tempo, Specchi d'Arredamento, Damasco, Vetroseta, Satinati and Speciali) or set up according to a specific selection of colors.

## DAMASCO

## SPECCHI NEL TEMPO

## SATINATI

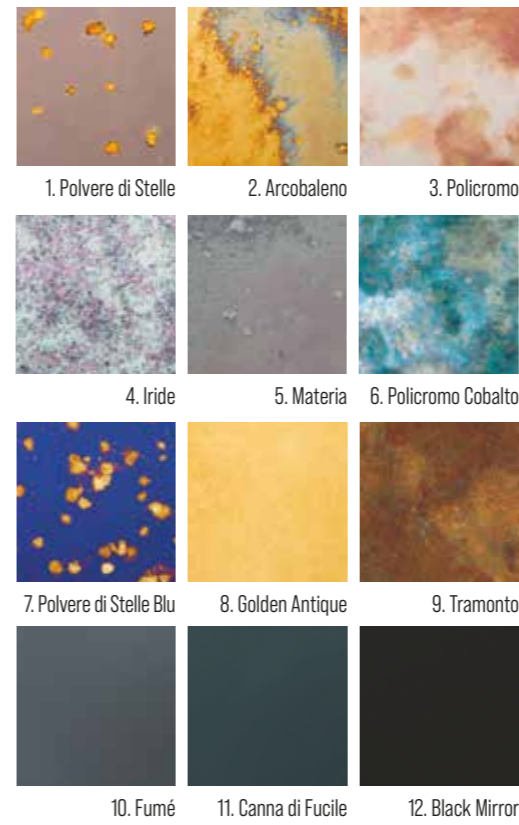

## SPECIALI

The **Speciali** collection contains a range of colors that are the results of commissioned requests. When the quantity allows it, we are available to create custom textures for specific projects.

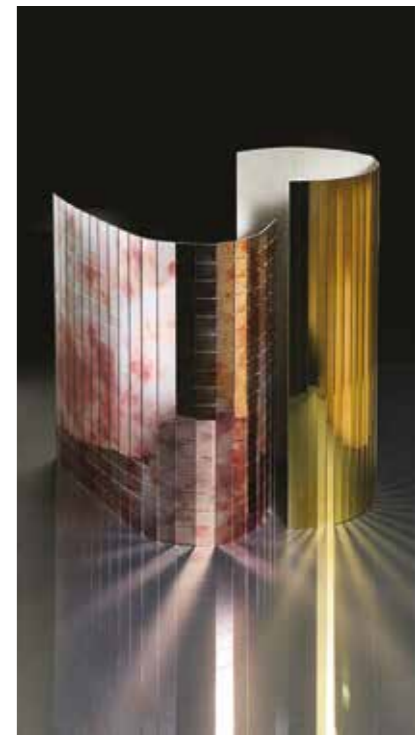

## SPECCHI D'ARREDAMENTO

As a result of the handcrafted process, both the colors shown here and our samples are purely indicative of the mirrors and only represent a portion of the complete pattern. Each slab is decorated by hand: variations in tone and pattern are inherent characteristics of the product. No two sections or slabs are exactly alike.

## MOSAICO

Some of our colors are also available in mosaic with customized cuts: they come in panels of a fixed size, with technical details shown in the chart below.

SIZE	CUT	THICKNESS	PACKAGING	WEIGHT
425 x 500 mm	12,5 x 50 mm	2 mm	25/case	36 kg/case
425 x 500 mm	12,5 x 50 mm	2 mm	50/case	63 kg/case

## VETROSETA

The products in our **Vetroseta** collection are made of transparent slabs, hand decorated with multicolored and abstract patterns. When inserted in wooden, sliding or furniture doors, these pieces are able to transform these elements (or any other) with elegance and refinement.
